KATIE  
VILLEGAS

# Ballot Statement

Katie Villegas, Candidate for Los Rios Community College Board, District 4

As a young girl I spent time at Sacramento City College when my father helped to establish the first student health clinic. Years later my siblings and I would attend Los Rios Campuses because they were affordable. Eventually my children would also attend. Colleges are more than just a campus, they are a lifeline for students that want a path to higher education, career technology or to learn a new skill. I understand the needs of students. For the past 15 years my work as the Executive Director of the Yolo County Children's Alliance has allowed me to provide a range of services to students, such as enrollment in Cal fresh, health insurance, free tax services, job training and food distribution. While serving on the Washington Unified School District Board I expanded career tech opportunities and helped create dual enrollment for students to obtain an associate degree and graduate from high school at the same time. With your support I will continue to work on opportunities for all students, make education affordable and accessible and align education with our changing workforce demands.

**I humbly ask for your vote on Tuesday, November 3rd.**
